

DESIGN LAB TRAINING SESSIONS

LAST UPDATED OCTOBER 18, 2023

Sessions take place on both **Tuesday and Thursday evenings from 6:30–8:30PM**. Tuesday/Thursday sessions WILL NOT be the same, i.e. Glowforge sessions 1–3 will take place on Tuesdays while Wazer sessions 1–2 will take place on Thursdays, and so on. Attendance of every session for a machine is NOT mandatory to be certified for unassisted use – **only the first two sessions** in a multi-session series.

One-on-one training is also available at no additional cost, but must be scheduled beforehand.

PRICING STRUCTURE: The first two sessions of each series are included with the initial one-time training fee of \$25, paid at sign-up. Additional courses are \$10 per session.

Glowforge (Limit four participants)

Cut/engrave a KEYCHAIN and engrave a CUTTING BOARD

SESSION 1: Designing a File for the Glowforge

SESSION 2: Using the Glowforge

SESSION 3: Advanced Glowforge Techniques

Wazer (Limit four participants)

Cut a single-color glass SUNCATCHER

SESSION 1: Designing a File for the Wazer

SESSION 2: Using the Wazer (Glass)

SESSION 3: Using the Wazer (Metal)

Graphtec (Limit three participants)

Make a VINYL SIGN

SESSION 1: Designing a File for the Graphtec

SESSION 2: Using the Graphtec

SESSION 3: Advanced Graphtec

Cricut (Limit six participants)

Make a TUMBLER, a BAG, STICKERS, and a GREETING CARD

SESSION 1: Using Cricut Design Space

SESSION 2: Using the Cricut with Adhesive Vinyl

SESSION 3: Heat Transfer Vinyl (HTV)

SESSION 4: Beyond Vinyl: Other Cricut Projects

Embroidery (Limit three participants)

Embroider a 2" PATCH and a TEA TOWEL

SESSION 1: Using Hatch Embroidery Software

SESSION 2: Embroidering a Patch

SESSION 3: Embroidering Clothing and other Fabrics

Sublimation (Limit five participants)

Make a T-SHIRT and a MUG

SESSION 1: Heat Press Sublimation

SESSION 2: Alternative Sublimation

3D Printing* (Limit four participants)

SESSION 1a: Intro to Filament Printing (FDM)

SESSION 2a: Using an FDM 3D Printer

SESSION 1b: Intro to Resin Printing (SLA)

SESSION 2b: Using an SLA 3D Printer

SESSION 3: 3D Scanning

Basic Sewing (Limit three participants)

Sew a simple pattern (TBD)

SESSION 1: Sewing Machine Basics

SESSION 2: Sewing Basic Patterns

SESSION 3: Sewing Advanced Patterns

SESSION 4: Using the Serger

Vacuform/Liquid Resin (Limit five participants)

Make a resin PENDANT or KEYCHAIN

SESSION 1: Vacuform Mold Making

SESSION 2: Liquid Resin

CNC (Limit three participants)

Carve a HANGING DOOR SIGN

SESSION 1: Designing a file with VCarve Pro

SESSION 2: Using the CNC

SESSION 3: Advanced CNC Techniques

CANVA (SINGLE SESSION)

(Limit six participants)

POSTER PRINTER (SINGLE SESSION)

(Limit six participants)

LONG-FORM CLASSES

COMING IN 2024 – PAID

ADOBE ILLUSTRATOR

3D MODELING

ADOBE PHOTOSHOP

**Only two 3D printing sessions are included at no extra cost (1a and 2a OR 1b and 2b)*
